ART LINKLETTER, Star of CBS Television show "House Party" and NBC Television show "People are Funny" with the beautiful yellow semi-cactus dahlia named in his honor. Field grown blooms measured 14½ inches in diameter by 11 inches.

COMSTOCK DAHLIA GARDENS

5140 - 35th Street
San Diego 16 California
U.S.A.

TOP NATIONAL WINNER

Florence Chadwick, world famous swimming champion with dahlia we named in her honor in 1953 and is still top national winner in its class. See Page 6.

Your Invitation To Our Open House

Our annual open house will be held again this year at our growing grounds at Solano Beach on Sunday and Monday, September 1st and 2nd, 1957. We will be looking forward to seeing all our friends at that time. Bring your cameras and plenty of film as we expect to have about 10,000 dahlia plants in bloom at that time and it is really a photographer's paradise. For our many eastern friends may we suggest you plan your vacation trip to Southern California in time to be with us at our open house. Bring your picnic lunch and plan to spend the day.

PINTO TAG NURSERY

A Pinto Tag Nursery is one that has met all the rigid requirements of plant inspection in the State of California, and are authorized to ship to other counties without destination inspection. This tag has been granted to us by the California Department of Agriculture.

JOIN THE DAHLIA SOCIETY

We would like to suggest that you join our local dahlia society.

If in or near San Diego, contact us for information regarding the San Diego County Dahlia Society. We will be pleased to assist you.

The San Diego County Dahlia Society will stage a dahlia show in San Diego August 3rd and 4th, at which time we hope to see all of you with a share of the blooms to be displayed, so with best wishes for a grand dahlia year, we are,

Sincerely yours,
R. Paul and Rose Marie Comstock

DAHLIA SEED

We'd like to recommend that you try some of our fine mixed seeds.

Our mixed seed is gathered from our large type seed parents of the latest and best varieties planted for this purpose. By planting mixed seeds you may expect a much wider range of type, color, and size. We've found a very large percentage of our very best seedlings come from this mixed seed. No doubt many of them will be seen in the various dahlia shows throughout the country in the future.

The dahlias listed in this catalogue are grown for the purpose of obtaining seed of the highest quality.

You may reserve seed from any variety listed, beginning immediately; seed will be shipped starting the first of January. Our orders are filled in rotation. By placing your order early you may avoid disappointment of being sold out of the variety you most desire. Please specify a second and third choice, for we dislike making substitutions.

Regular Grade Mixed Seed Prices

25 SEEDS — \$1.25 100 SEEDS — \$5.00 1000 SEEDS — \$40.00

Please place your orders early for next year's seed crop. Remember that we fill orders for seed in the order in which they are received.
Don't be disappointed—ORDER EARLY!

WE DO NOT SHIP PLANTS BY MAIL

IMPORTANT INFORMATION

Please Read Carefully!

SHIPPING INFORMATION

Plants and tubers are offered for sale on weekdays and SUNDAYS from April 1st through June 1st, at our greenhouse at 5140 35th St. in San Diego. WE WILL BE CLOSED ON FRIDAYS.

Our growing grounds where the dahlias are grown is located in Solana Beach, twenty miles north of San Diego on Highway 101 (1½ miles north of Del Mar). The address is 145 Dahlia Drive, and is between Highway 101 and the Pacific Ocean.

We DO NOT ship plants outside of the Southern California area. If you live more than 150 miles from San Diego PLEASE ORDER ROOTS or POT ROOTS as these can be easily shipped to you.

For those within a radius of 150 miles we deliver plants in person thereby insuring their safe arrival. No orders for less than \$15.00 will be delivered. Deliveries outside of San Diego will be made annually early in May. You will be notified by mail when these deliveries may be expected. WE DO NOT SHIP PLANTS BY MAIL.

A sales tax of 3 percent is required by law in the State of California. Please add this to your order. If you are a resident of San Diego please add 4 percent sales tax to cover the San Diego City tax of 1 percent.

Placing Orders

We fill orders in rotation as they are received, so we would like to suggest to you that you place your order as early as possible to avoid the disappointment of our having sold out. No deposits are required. Pay any time before shipping date. No orders are shipped C.O.D.

Plants

We do not substitute so please make a second and third choice if possible.

TO OUR LOCAL CUSTOMERS

May we suggest that you mail us your order for plants and roots and let us notify you when your selection is ready to pick up. This will save you a great deal of time and will insure that the plants will be ready for planting at the time you get them.

Guarantee

All stock shipped by COMSTOCK DAHLIA GARDENS is guaranteed to be true to name and to be in good growing condition at time of sale; after that our responsibility ceases, as we have no control over growing conditions. Please notify us immediately upon arrival of plants, roots, or seed if unsatisfactory. The above guarantee does not go beyond replacement of the item purchased. We only guarantee dahlia seeds to be from varieties specified.

Disease

We thoroughly rogue our glass house, lath house and gardens throughout the entire season for diseased stock of any sort, and if we find any, it is immediately destroyed. We hope in this way to keep disease at an absolute minimum.

EXPLANATION OF ABBREVIATIONS

Classification—

- A—Large, over 8 inches in diameter.
- B—Medium, 6 to 8 inches in diameter.
- BB—Commercial, 4 to 6 inches in diameter.

Type of Flower—

- C—Cactus, S.C.—Semi Cactus, F.D.—Formal Decorative, I.D.—Informal Decorative, I.C.—Incurved Cactus, St.C.—Straight Cactus—BA. Ball Type, Min-Miniature.

Originator or Introducer—(Comstock).

Year of Introduction—1955.

WE ARE

INTRODUCING FOR 1957

ART LINKLETTER

9—Art Linkletter—S.C.

Extremely large blooms of Primrose Yellow. Blooms up to 14½ by 11 inches. Stems are long and very strong. Average field grown plants are about four feet tall. Very vigorous plants with healthy green foliage.

Art Linkletter has won three largest bloom in show awards, four American Home Achievement medals and Certificate of Merit at the American Dahlia Society Trial Grounds at Oakland, Calif., Cincinnati, Ohio and at Atlanta, Georgia. Also won two American Dahlia Society Seedling Sweepstake awards and is on Mr. Webb's Eastern Dahlia Review, and is on the Flower Grower Honor Rolls of R. T. Eddy and Conrad E. Faust. This dahlia can be grown to tremendous proportions. We predict a great future on the show tables for this fine flower which is named for a truly outstanding Radio and Television Personality.

Root—\$15.00 ea. net. Plant—\$5.00 ea. net

102—Melisande—I.D.

This variety is a deep velvety purple. It is a medium size dahlia about 7x4. One of the most interesting features is the artistically curled edges on its petals. Stems are very good and foliage is very dark green. Plants about three and one-half feet tall. Very early bloomer. Unfortunately, blooms of this lovely flower did not coincide with flower show dates and we were not able to show it. However, it did receive a certificate of merit at the A.D.S. Trial Ground at Oakland, Calif. and Cincinnati, Ohio and is on Mr. Webb's Eastern Dahlia Review.

Root—\$10.00 ea. net. Plant—\$3.50 ea. net

COMSTOCK ORIGINATIONS

"AUTUMN GLORY"

"CHERIE"

11—Autumn Glory (Comstock) I.D. 1948 "A" See Above

Very large old gold dahlia. Blooms easily attain a diameter of twelve inches with corresponding depth. One of the very big fellows. Very long and strong stems hold the enormous blooms well out of the fine growing plants facing at the proper angle. A free and early bloomer for such a large dahlia. Tall growing plant with excellent foliage. Winner of Achievement Medals, Certificates of Merit and on Flower Grower Honor Roll.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00

13—Aztec Chief (Comstock) F.D. 1940. "A"

Light tomato red. Extremely strong growing plant, and producer of many enormous blooms. Many of them well over twelve inches in diameter.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00

26—Cherie (Comstock) F.D. 1954. "B" See Above

Rhodamine purple on the Royal Horticultural color chart. Its extremely unusual color displays the blooms to a much better advantage with artificial light.

Early and very prolific producer of "B" size blooms averaging 7½" to 8" in diameter with corresponding depth. Stems are very long and strong. It is a very good keeper. Plants 4 to 5 feet tall. Excellent foliage.

"Cherie" has been awarded The American Home Achievement Medal at Inglewood, California; winner of a Certificate of Merit at the A.D.S. trial grounds in Ohio, and on the Flower Grower Honor Rolls.

This dahlia is a worthy addition to all dahlia gardens.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00

45—Desiree' (Comstock) Str.C. 1955. "A" See page 5

Phlox purple, lighter at center; blooms 10 x 5. Long stems—straight cactus formation. Plants 5 feet tall, open growing and thrifty. Excellent foliage. Won best bloom in show at San Diego in 1951.

Root—\$3.50. Plant—\$1.50

PLEASE NOTE

On all orders for roots requesting shipment before April 1st please add \$1.00 to cover mailing charges and special packing against freezing.

This does not apply to seed orders.

"FIRST LADY"

"DESIREE"

58—First Lady (Comstock) F.D. 1955. "B" See above.

"First Lady" is Dresden yellow throughout according to the Royal Horticultural Society color chart. Blooms 8 x 6 inches field grown. Greatest attraction of "First Lady" is the unusual petal formation, which are very broad but pointed at the ends and each one folds back in an extremely regular formation, completely wrapping around and covering the stem. Every bloom is fit for exhibition. A very early and prolific bloomer. Plants are 3 to 4 ft. high. Beautiful foliage and excellent stems. Proven best in its class by show and Trial Ground reports. A WINNER. Look at these records all during 1954. **Won 1st in every class entered at San Diego County Dahlia Show** in the following classes: One bloom yellow; one bloom F.D.; five blooms F.D.; five or more blooms A or B yellow; Med. blooms 15 or more; Best bloom, open to all section; Court of Honor; best bloom in show; American Home Achievement Medal; A.D.S. seedling sweepstakes award.

Orange County Show: Five first awards including American Home Achievement Medal and A.D.S. seedling Sweepstakes.

Inglewood, Calif.: Four first awards including American Home Achievement Medal.

Dahlia Society of California Show at San Francisco: Shipped blooms 500 miles and won three firsts including American Home Achievement Medal; Dahlia Society of California Bronze Medal, and Best Bloom in Show.

New York A.D.S. Show: "First Lady" was shipped 3,000 miles, judged on the second day after cutting and was awarded the A.D.S. Seedling Sweepstakes Award.

"First Lady" was on all four of the Flower Grower Honor Rolls. Certificate of Merit awarded at Farmingdale, N.Y., score 85.1—Cincinnati, Ohio score, 85E.

"First Lady" was the national gold medal winner for "B" size dahlia introductions in the 1955 Seedling Sweepstakes Awards of the A.D.S.

A well grown bloom of "First Lady" will win in any show.

Root—\$5.00. Pot Root—\$4.00. Plant \$2.00

POSTAGE

On orders for roots of \$5.00 or less for shipment after April 1st please add 50c to cover packing and mailing charges.

This does not apply to seed orders.

"GROUCHO MARX"

"HARVEY ATHERTON"

60—Florence Chadwick (Comstock) C. 1953 "B"

Pure glistening white with petals slightly tipped lavender, becoming more predominant at center of blooms. Foliage very dark green and insect resistant. Blooms are medium size averaging about eight inches across with corresponding depth, and are held facing and slightly up on long strong stems. Blooms are very good keepers with plenty of substance.

Plants are tall and upright in growth, being very prolific in producing both early and late blooms in abundance with good tight centers.

Florence Chadwick won American Home Achievement medals in both the San Diego and Inglewood, California dahlia shows, and was on the 1953 Honor Rolls of Col. Richard T. Eddy, J. Louis Roberts, Lynn B. Dudley, and C. E. Faust for the Flower Grower magazine.

Florence Chadwick has the distinction of being the first dahlia to have ever scored high enough to win a Certificate of Merit at each one of all the A.D.S. Trial Grounds.

Florence Chadwick is the winner of the **Derrill Hart Memorial Medal** for 1952, having the highest average score of three trial grounds.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00

72—Groucho Marx (Comstock) S. C. 1956 "A"

"GROUCHO MARX" is a magnificent pure white semi-cactus dahlia. Petals fold back completely giving the blooms tremendous depth, early bloomer, continuing to bloom throughout the season till cold weather sets in.

We have exhibited blooms of this fine variety in largest bloom classes fourteen inches in diameter and eleven inches in depth. Even field grown blooms if disbudded easily attain a diameter of twelve inches with corresponding good depth. Plants are strong, thrifty growers requiring little or no staking. Stems are long and strong. Plants are four to six feet tall.

"GROUCHO MARX" WON FIVE AMERICAN HOME ACHIEVEMENT MEDALS AND FIVE AMERICAN DAHLIA SOCIETY SEEDLING SWEEPSTAKES AWARDS, including shows at San Diego and Orange County, California. Shipped by air freight, succeeded in winning the same coveted awards at MIDWEST DAHLIA SHOW, MILWAUKEE; A.D.S. DAHLIA SHOW at NEW YORK; CENTRAL STATES SHOW at CHICAGO and the MEDAL of the DAHLIA SOCIETY OF CALIFORNIA at SAN FRANCISCO.

Groucho Marx was placed on all four Honor Rolls of the Flower Grower magazine.

Root—\$10.00. Pot Root \$7.50. Plant \$3.50

"PRINCESS DIANNE"

"MR. PRESIDENT"

74—Harry Atherton (Comstock) F.D. 1956 "A" see page 6

A formal decorative rhodamine purple dahlia. Blooms are very large, well grown blooms about fourteen by six or eight inches.

Stems are strong and foliage very dark green. Plants of this variety are beautiful; they branch well and the symmetrical plants produce many large blooms at one time.

This fine dahlia won an AMERICAN DAHLIA SOCIETY SEEDLING SWEEPSTAKES AWARD AT SAN DIEGO, CALIFORNIA.

Root—\$7.50. Pot Root—\$5.00. Plant—\$2.50

100—Maureen Connolly (Comstock) F.D. 1954. "B"

Medium size blooms of sulphur yellow are borne in profuse abundance with long stems on a very symmetrical growing plant with unusually fine foliage. Blooms average about 7½" to 8" in diameter by about 5" deep. Flowers keep exceedingly well when cut. Plants four to five feet tall.

This fine dahlia is named for Maureen Connolly, former World's Amateur Tennis Champion from San Diego, California.

This dahlia has won The American Home Achievement medal at the San Diego County Dahlia Society Show, won a Certificate of Merit at the A.D.S. trial grounds at Long Island Agricultural and Technical Institute, scoring 86.3 and at South Atlanta Trial Garden at Atlanta, Georgia 85.2. Was placed on all four Flower Grower Honor Rolls. This dahlia is a fine addition to any dahlia garden.

Root—\$1.50. Pot Root \$1.25. Plant—\$1.00

98—Mars (Comstock) I.D. 1953 "A"

Color is deep rich red, reverse of petals edged gold. Petals are very broad. Blooms are very large and can easily become a major contender for largest bloom classes. We have grown blooms better than twelve inches by ten.

Plants are of medium height with nice strong stems holding the blooms at a perfect facing angle. Very dark green insect resistant foliage adds to the beauty of this variety.

For those who like their dahlias large, they should not overlook this one.

Root—\$1.50. Plant—\$1.00

106—Miss Liberty (Comstock) F.D. 1947 "A"

Formal to informal decorative. Scarlet red, tips of petals white. Blooms classified large about 9 x 5. Upright growing plants, long strong stems, flowers facing. Dark green foliage. Early bloomer. Gold Medal Certificate, and Achievement medal winner. Certified at trial grounds and on three Honor Rolls.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00

108—Miss San Diego (Comstock) I.C. 1946 "B"

Incurved lacinated cactus of superb color and form. Lemon yellow, outer half tyrian pink. High centers make blooms almost a ball in form. Flowers high out of a fine growing plant. Blooms medium to large, prolific bloomer and good root maker. Certified and on all three Honor Rolls, Achievement Medal winner.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

110—Mr. President (Comstock) Inc. C. 1955 "A" see page 7

Light blend of salmon rose to empire yellow at center. Blooms 10 x 5 inches field grown. Petals broad at base but roll to a nicely formed lacinated incurved cactus. Plants four feet tall with strong stems and beautiful foliage. Open growing plant.

"Mr. President" has taken 2nd place only to "First Lady" wherever shown. Major awards of "Mr. President" are: Best bloom in show at San Diego in 1946-48 and 1952. A.D.S. seedling sweepstakes awards at San Diego, Orange County and New York A.D.S. shows. On the Flower Grower Honor Rolls of R. T. Eddy and Lynn B. Dudley. Certificate of Merit at Cincinnati and Southern Trial Grounds.

Root—\$5.00. Pot Root—\$3.50. Plant—\$2.00

138—Stardust (Comstock) F.D. 1950 "A"

True pink with small lines of silver running length-wise of the petals. These lines are very prevalent just before the blooms are ready for picking and enhance the beauty of the flowers, but as they develop to maturity the entire bloom becomes solid pink. Blooms disbudded average under normal growth about 10 x 5 inches. The stems of this variety are long and strong, averaging twelve inches to the first set of leaves. Blooms face and can be cut when only half open and will continue to develop in water. Plants about five feet high, open growing type. Early bloomer and very good keeper when cut. Winner of Achievement Medals in San Diego, Santa Ana and Inglewood, California. On all Honor Rolls.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00

STANDARD VARIETIES

1—Abundance (Robens) I.D. 1955 "B"

A very nice shade of lavender, blooms 7 to 8 inches with good depth facing slightly up. Plants 3 to 4 feet high. Long, strong stems. An abundance of blooms from early to late. Has been a winner on the show tables.

Root—\$2.00.

2—Aladin (Germany) I.D. "B"

Most striking soft apricot flecked bright carmine. Rugged, early and profuse bloomer. A true variegated and already very popular.

Pot Root—\$1.25. Plant—\$1.00

3—Alice May (Australia) I.D. "A"

Large white blooms with great depth. Fine foliage and stems. Excellent exhibition type blooms.

Root—\$1.50.

4—Allegresse (Holland) C. "B"

Beautiful lemon yellow, twisted and curled petals.

Root—\$1.25. Pot Root—\$1.00. Plant—75c.

5—Ami Louis Blinn (France) S.C. "A"

Dark red blooms of excellent formation and plenty of substance adorn a well branched sturdy plant. Long strong stems hold the blooms well out of the plant. 10 x 6.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00

6—Anne Tooker (Tooker) I.D. "A"

One of the largest whites, tall growing plant, good foliage. Grown 14x9 inches by originator.

Root—\$1.50

7—Annette (Australia) I.D. "A"

A very large primrose yellow. This dahlia has a very artistic formation and is without a doubt a good exhibition variety.

Root—\$1.50. Plant—\$1.00.

8—Arthur Godfrey (Pittman) F.D. 1951 "A"

A very large formal decorative of orient red, with orange shadings. Excellent stems hold the massive blooms facing up. One of the strongest of growers. Blooms 11 x 6.

Root—\$1.50. Plant—\$1.00.

9—Art Linkletter (see page 3)

10—Autumn Blaze (Johnson) I.D. 1948 "A"

Fiery red centered with shades of gold toward the ends of petals. Blooms are very large.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

11—Autumn Glory (Comstock) I.D. 1948. "A." See page 4

12—Axford Triumph (Australia) I.D. "A"

Large tan to orange blooms on exceptionally thrifty plants make it an attraction in the garden.

Root \$1.25. Pot Root—\$1.00. Plant—75c.

13—Aztec Chief (Comstock) F.D. 1940. "A." See page 4

14—Ballego's Surprise (Ballego) C. "B"

A most beautiful white dahlia of very interesting formation. Large type, excellent stems with best of keeping qualities.

Plant—\$1.00

15—Barbara Marshall I.D.

Beautiful orange red blooms of extremely large size on a robust growing plant.

Fine for exhibition.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

16—Bells Pink (Australia) F.D. "A"

Light rose pink overcast yellow. This is a large variety. Plants about four feet.

Root—\$1.25. Pot Root—\$1.00.

17—Bertha Shone (Eccleston) S.C. 1953. "A"

Lavender with white center. Petals deeply lacinated. Petals fold back giving good depth to blooms. Good stiff stems hold flowers at the right angle.

Root—\$1.50.

18—Bessie Hardress (Australia) F.D. "A"

A most pleasing blend of soft yellow with mauve shadings. Blooms 10 x 5. Clean growing plant.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

18A—Big Top (Robens) C. 1956 "A"

A truly large pink cactus dahlia. The originator says it's one of the largest he's ever grown and he has originated some very large dahlias. Strong growing plant.

Pot Root—\$5.00. Plant—\$3.00.

19—Black Monarch (Pape) S.C. 1946 "A"

Dark oxblood red. A very fine and strong grower. Stems of exceptional length hold the huge flowers well out of plant. Plenty of substance and a good keeper when cut. Blooms well over ten inches.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

20—Blue Victory (Holland) St.C. "A"

Lavender blue cast, on good stems. Prolific bloomer; petals are artistically curved. Rare color combination with the same habit of Victory Day, of which this is a seedling. Certificate of Merit, Amsterdam.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

21—Budovaki (Czechoslovakia) F.D. "A"

Beautiful and rare color, which best is described as full ripened raspberry; 10" blooms are regularly formed and carried on long, strong stems. Because of its formation and tint, we heartily recommend this Czechoslovakian champion.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

22—Bunny (Australia) C. "A"

This is an "A" size dahlia, clear lemon yellow. Prolific bloomer plants about four feet. Good substance.

Plant—\$1.00.

23—Burnbrae Memories (Australia) I.D. "A"

Primrose yellow. Three foot plants, good stems and fine foliage. Good root producer.

Root—\$1.50.

24—California Pageant (Ballay) I.D. 1947 "A"

Gold with shadings of bronze. Very large flowers having been grown to 13 x 8 inches at A.D.S. Trial Grounds. Good stems holding the blooms facing.

Root—\$1.25. Pot Root—\$1.00. Plant—75c.

25—Carl G. Dahl (Scott) I.D. 1937 "A"

Blooms 12 x 6. Pointed petals curling slightly. Old rose.

Root—\$1.25. Pot Root—\$1.00. Plant—75c.

26—Cherie (Comstock) F.D. 1954 "B" see page 4

27—Cherokee Brave (Dahliadel) I.D. 1938 "A"

Oxblood red. Holds its color in all weather. Very large.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

28—Christine (Australia) F.D. "A"

This dahlia is one of the best out of Australia. Broad yellow petals that have just a slight curl. Beautiful foliage. Rugged plant.

Plant—\$1.50.

29—Clara Hook (Wolbert) C. 1947 "A"

Large straight cactus, golden yellow suffused peach. "A" type dahlia with perfect substance and good stems. "Derrill Hart" Medal Winner.

Root—\$1.50. Plant—\$1.00.

30—Clariam Royalty (Wolbert) C. 1951 "A"

A large purple straight cactus, with exceptional depth. Average size is about 10½ x 8, but has been grown up to twelve inches in diameter. Winner of seven American Home Achievement Medals. On Flower Grower's Honor Roll.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

31—Colonel Little (Ambrose) I.D. 1946 "A"

Scarlet and orange. Petals twist and curl and are notched at the ends. Fine stems, large class. Honor Roll dahlia.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

32—Conqueror (Belgium) C. "A"

Enormous yellow cactus dahlia of perfect form. Fine stems and good growing plant.

Root—\$1.50. Plant—\$1.00.

33—Conquest (Australia) F.D. "A"

Large blooms salmon and yellow 11 x 6. Long strong stems hold the flowers well out of the plant. Very thrifty grower.

Plant—\$1.50.

34—Croydon Brightness (Australia) F.D. "A"

Cerise is the color of this fine broad petaled variety. "A" size with excellent stems and habit of growth. Plants medium height. Good for exhibition.

Plant—\$1.50.

35—Croydon Dainty (Australia) F.D. "A"

Large buff colored blooms. Short growing plant. Rugged plant growth.

Root—\$2.00. Pot Root—\$1.50. Plant—\$1.00.

36—Croydon Dignity (Australia) I.D. "A"

Husky large dark red dahlia. Short growing plant.

Root—\$2.00. Pot Root—\$1.50. Plant—\$1.00.

37—Croydon Eclipse (Australia) F.D. "B"

This medium sized perfectly formed dahlia is lemon yellow Prolific bloomer, wonderful growing plant about four feet tall, clean foliage, blooms about 8 x 5. Good for exhibition purposes and blooms keep well.

Root—\$5.00. Pot Root—\$4.00. Plant—\$2.00.

38—Croydon Masterpiece (Australia) F.D. "A"

Salmon orange, shaded tan. Giant flowers better than twelve inches in diameter are quite common. Strong grower and prolific bloomer. One of the very best.

Root—\$2.00. Plant—\$1.00.

39—Croydon Robin (Australia) F.D. "A"

Blood red with maroon edgings. Blooms 10 x 5. Short growing plants. Dark green foliage should do well on the show table.

Root—\$5.00. Pot Root—\$3.50. Plant—\$2.00.

40—Croydon Russet (Australia) F.D. "A"

Large rust colored blooms about 11 x 6. Thrifty growing plant. The unusual color of this variety should make it very popular.

Root—\$5.00. Pot Root—\$3.50. Plant—\$2.00.

41—Croydon Snotop (Australia) I.D. "A"

A very large pure white dahlia that sits on top of fine strong stems. This is a really good dahlia and is surely a strong contestant in the exhibition whites.

Root—\$1.50. Plant—\$1.00.

42—Croydon Supreme (Australia) F.D. "A"

Dark red blooms 9 x 6. A very formal type dahlia. Good heavy foliage. Short growing plant.

Root—\$5.00. Pot Root—\$4.00. Plant—\$2.00.

43—Daisy Ethel (Australia) C "B"

Dark purple blooms 7 x 4. Prolific bloomer, open growing plant.

Pot Root—\$1.25. Plant—\$1.00.

44—Darcy Sainsbury (Australia) F.D. "A"

Blooms 10 x 5 of pure white held on excellent stems. One of the best in whites.

Root—\$1.25. Pot Root—\$1.00. Plant—75c.

45—Desiree' (Comstock) Str.C. 1955. "A." See page 5

46—Desiree' Draps (Holland) St.C. "B"

Lively pink; the frilled petals are nicely waved and delicately edged yellow. Free-flowering, fine habit of growth.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

47—Dixie's Winedot (Dixie) I.D. 1943 "A"

Blooms 10 x 6. Variegated white background splashed with wine red. Long stems, fine growing plant. Three Achievement medals to its credit and Honor Roll dahlia.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

48—Doncourt (Australia) I.D. "A"

Tomato Red. Blooms 10 x 5. Short growing plant. Husky habits and insect resistant.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

49—Drum Major (Australia) I.D. "A"

Very large blooms of terra cotta red. Plants are very strong growers. A good dahlia.

Root—\$2.00. Pot Root—\$1.50. Plant—\$1.00.

50—Dulcie May (Australia) C. "B"

This is a most beautiful crimson red medium sized dahlia. Very uniform plants produce many blooms throughout the season.

Root—\$2.50. Pot Root—\$2.00. Plant—\$1.25.

51—Edith Collis (Australia) I.C. "A"

Very bright orange blooms 10 x 6. Short growing plant but very prolific bloomer. Plants literally covered with flowers.

Root—\$1.25. Pot Root—\$1.00.

52—Eileen Lucy (Australia) I.D. "A"

Autumn colored 11 x 6. This variety has very long strong stems, and thrifty grower. Plants four feet high.

Pot Root—\$1.50. Plant—\$1.00.

53—Esquire (Martin) F.D. 1951 "A"

A very large purple formal which naturally attains a diameter of eleven to twelve inches. Petals are pointed.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

54—Eva Stamford (Holland) I.D. "A"

The broad petals are slightly incurving; from a soft lemon in the center, color changes into a distinct lilac at the edgings of this 13" exhibition bloom

Pot Root—\$1.25. Plant—\$1.00.

55—Eventide (Bissell) I.D. 1940 "B"

Deep violet purple, notched petals that are very broad. Blooms 8 x 5. Dark green foliage.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

56—Extreme (France) C. "B"

True pink straight cactus. Very good keeper. Excellent stems.

Root—\$1.50. Plant—\$1.00.

57—Fashion Hour (Roberts) I.C. "A"

Cyclamen purple. Blooms 10 x 5 inches. Fine stems and foliage. Medium sized plants. Achievement Medal winner and Certified at trial grounds.

Root—\$2.50. Pot Root—\$2.00. Plant—\$1.50.

58—First Lady (Comstock) F.D. 1955. "B." See page 5

59—Five Star General (Ramage) F.D. 1946

Blend of amaranth and tyrian pink petals, edged maize yellow. Blooms ten to thirteen by six inches. Very strong stems. Blooms facing side. Sturdy plant growth, excellent foliage. Free and consistent bloomer. Winner of "Derrill Hart" Medal, on all Honor Rolls and Certified at three trial grounds.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

60—Florence Chadwick (Comstock) C. 1953. "B". See page 6

61—Freda George (Australia) I.D. "A"

Beautiful blooms, with helio tips, blending to cream and yellow centers. Excellent habits of growth.

Root—\$1.50.

62—Friendship (Australia) C. "BB"

Blooms 6 x 3, pure white, very decorative for table containers. Short plant but prolific bloomer and good keeper.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

63—General John J. Pershing (Ward) S.C. 1945 "A"

Color tan, splashed and striped violet. The outstanding introduction of 1945. "Derrill Hart" Medal Winner.

Root—\$1.25. Pot Root—\$1.00. Plant—75c.

64—Giant of Baarn (Holland) C. "A"

Vermillion flushed salmon. Very long strong stems hold the large blooms good, on a thrifty, well branching plant.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

65—Gold Coin (Pape) I.C. 1951 "A"

A fine, gold incurved cactus that should rate with other originations of its famous originator of Mrs. Hester A. Pape, Virginia B. Taggart, and Black Monarch. The large blooms have tightly rolled petals that have a decided tendency to angle sharply sidewise, when properly "finished." Very good substance, and a good keeper. Size 9½ x 5.

Pot Root—\$1.25. Plant—\$1.00.

66—Golden Halo (Wolfe) S.C. 1955 "B"

Golden yellow with a blush of apricot. Blooms 8 x 4. Medium plants.

Root—\$3.00. Pot Root—\$2.50. Plant—\$1.50.

67—Goulburn (Australia) C. "A"

Reddish apricot at petal tips blending to a lemon yellow in center of flower. Very striking color. Large specimen blooms.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

68—Goulesson Eggston (Australia) F.D. "A"

Orchid pink, broad petals, blooms 10 x 5. Short growing plant. Good exhibition variety.

Pot Root—\$2.00. Plant—\$1.25.

69—Graf Folke Bernadotte (Holland) S.C. "A"

Enormous snow white. Long stem, solid freeflowering growth and well formed flowers, of over 12" across by 6" deep; for exhibition.

Pot Root—\$1.25. Plant—\$1.00.

70—Greater Glory (Salem) S.C. "A"

A large rose pink semi cactus shading lighter at center of blooms. Tall grower. Size 10 x 5.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

71—Great Lakes (Marsh) I.D. 1948 "A"

One of the finest white dahlias to date. Winner of many awards in shows all over the country. Clean cut foliage and long stems.

Root—\$1.25. Pot Root—\$1.00. Plant—75c.

72—Groucho Marx (Comstock) 1956. "A." See page 6

73—Gunyah Glory (Australia) I.D. "A"

Deep purple. Excellent stems and plant growth. Good for exhibition.

Plant—\$1.00.

74—Harvey Atherton (Comstock) 1956. "A." See page 6

75—Heart of Gold (Australia) S.C. "B"

Scarlet with base of petals golden, also gold stripes throughout petals. Blooms 8 x 5.

Pot Root—\$1.25. Plant—\$1.00.

76—Helio Frills (Australia) I.D. "A"

Beautiful heliotrope blooms with fluted petals. Blooms about 10 inches in diameter. Medium grower, very good.

Plant—\$1.50.

77—Hoosier Marvel (Wolfe) S.C. "A"

Brilliant large yellow blooms of great depth on a free growing and well branched plant.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

78—Hurrah (Holland) C. 1954 "B"

Canary- yellow; this is a most beautiful straight cactus dahlia. Excellent stems.

Root—\$2.50. Pot Root—\$2.00. Plant—\$1.25.

79—Jane Lausche (Rocky River) S.C. "A"

Rosy mauve with the tips of petals white. An excellent bicolor that always gives a good account of itself in the shows. Good stems and thrifty grower. Blooms 10 x 6.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

80—Joan Carroll (Australia) I.D. "A"

Large lavender pink blooms with base of petals shading to almost white. Fine stems. Medium height plant.

Root—\$2.50. Pot Root—\$2.00. Plant—\$1.50.

81—Joe Tierney (Australia) I.C. "A"

Autumn with red overcast. Narrow tightly twisted petals curving toward center of blooms. A most beautiful true type cactus. Blooms 10 x 5.

Root—\$3.50. Pot Root—\$2.50. Plant—\$1.50.

82—Juanita (South Africa) C. "B"

Color of this fine exhibition dahlia is purple shaded ruby red. Medium growing plant. Prolific bloomer and a very good root producer.

Plant—\$1.00.

83—Kafor (Australia) S.C. "B"

A most artistically colored dahlia, cream edged and streaked red. Very unusual color combination. Plant growth fine with excellent stems. 8 x 5.

Pot Root—\$2.00. Plant—\$1.00.

84—Kelvin (Australia) I.D. "A"

Salmon rose. One of the large ones. Very consistently producing show caliber blooms. Fine growing plant.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

85—Kelvin Brown (Australia) I.D. "A"

This variety comes as close to mahogany with a little more brown as anything we have seen. Blooms 11 x 6. Good stems and very dark green foliage.

Root—\$3.50. Plant—\$1.50.

86—Kelvin Orchid (Australia) F.D. "B"

This dahlia is orchid lavender and has the good qualities of Kelvin. For us it's a "B" dahlia.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

87—Kidd's Climax (Australia) F.D. "A"

Pink and cream overlaid helio. Very large blooms with good form.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

88—Lavender Perfection (New Zealand) F.D. "A"

Pure lavender giant blooms of perfect quality. Exhibition blooms of 13" are common. Plants have good habits and grow free. Award of Merit, Royal H.S. London cup winner 1954, as the best dahlia of foreign origin, after two years Holland-competition.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

89—Leading Lady (Australia) F.D. "B"

Yellow and delicate pink with petals tipped white. Blooms 8 x 4. Good upright grower, fine stems.

Root—\$1.25. Pot Root—\$1.00.

90—Lena Hall (Australia) I.D. "A"

Deep rose pink. Blooms 10 x 5. Short growing plant. Good strong stems. Thrifty grower.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

91—Lucknow (Australia) F.D. "A"

Empire yellow with rose sheen, petals are very broad coming to a point. Medium plant about three feet tall.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

92—Madonna Crusader (Rosemary) C. 1952 "B"

Seven inch incurved white cactus variety. Good stems and prolific bloomer.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

93—Maffie (Johnson) S.C. 1940 "A"

Intense bright red blooms about eleven or twelve inches across. Tall growing plant. Achievement Medal and Honor Roll dahlia.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

94—Maitre Fargetton (Holland) S.C. "A"

Solid gold blooms throughout, are borne on very long strong stems. Very good keeper when cut. Rugged growing plants rather tall. A very artistic dahlia. Prolific bloomer.

Root—\$2.00. Pot Root—\$1.50. Plant—\$1.00.

95—Majestat (Germany) I.D. "A"

This variety produces many large blooms, pink with yellow base. Petals are very large and broad. Tall plant. Blooms keep very well when cut.

Pot Root—\$1.50. Plant—\$1.00.

96—Malcolm W. Bingay F.D. "A"

Deep rich orange, outstanding color. "B" size blooms. Long, strong stems on five foot plants. Thrifty grower.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

97—Marilyn Dale (Mollineaux) S.C. 1949 "A"

Fuchsia rose overcast lavender. Long stems. A winner in its class.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

98—Mars (Comstock) I.D. 1953. "A". See page 7

99—Mary Elizabeth (Robens) I.D. 1954 "A"

Cherry red. Very large blooms of better than twelve inches with very good depth. Husky grower. Winner of A.D.S. Seedling Sweepstakes and listed on all four Honor Rolls.

Root—\$4.00. Plant—\$2.00.

100—Maureen Connolly (Comstock) F.D. 1954. "B." See page 7

101—Marvis Tierney (Australia) I.D. "B"

Blood-red blooms about 8 x 4 on nice long stems. Three foot plant. Open growing plant.

Pot Root—\$1.25. Plant—\$1.00.

102—Melisande (Comstock) I.D. 1957 "B". See page 3

103—Mentone (Australia) S.C. "A"

Amber yellow, very fine lines of rose throughout, very prolific bloomer and thrifty plant. Blooms 10 x 4.

Root—\$1.50.

104—Michael Corry (Australia) F.D. "A"

A new Australian variety of pure mauve. Excellent stems and wonderful ten to eleven inch blooms of strictly exhibition quality. Vigorous grower.

Root—\$3.00. Pot Root—\$2.50. Plant—\$1.25.

105—Millgrove (Australia) I.D. "A"

Very large lavender blooms on medium growing plants. One of the best in lavender from Australia. Real exhibition type.

Plant—\$2.00.

106—Miss Liberty (Comstock) F.D. 1947. "A." See page 7

107—Miss Prim (Australia) I.D. "A"

Very large blooms 12 x 5. Tan streaked and splashed red. Plants three feet.

Root—\$1.00. Pot Root—75c.

108—Miss San Diego (Comstock) I.C. 1946. "B." See page 8

109—Morocco (England) F.D. "A"

Bronze and orange. A very good type for exhibition in the autumn shades. Not much competition for this one.

Plant—\$1.50.

110—Mr. President (Comstock) Inc. C. 1955. "A." See page 7

111—Mrs. Hester Pape (Pape) I.D. 1946. "A"

A large reddish purple which has one of the most outstanding show records. Achievement Medals at Cleveland, East Liverpool, and Baltimore. Color is bordering between red and purple but classed purple according to color charts. Plants are quite tall with excellent foliage and habits of growth. Usual size of blooms is eleven to twelve inches, but blooms up to fourteen inches are not uncommon. Blooms are generally informal but very well finished blooms may be semi-cactus.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

112—Nagels Solidite (France) S.C. "B"

True intense candy pink. Blooms 7 x 5. This is a very prolific bloomer with excellent stems.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

113—Our Friend (Robens) I.D. 1955 "A"

This outstanding dahlia is lavender. Very large. Blooms have been displayed up to 14 x 9 which would rate this variety among the very big ones that could compete for largest in show. This dahlia is on two Honor Rolls and is winner of A.D.S. Sweepstakes.

Root—\$7.50. Plant—\$3.00.

114—Orange Majesty (Hadow) I.D. 1955 "A"

Orange with faint shadings of bronze throughout the large blooms. This is an "A" size dahlia of good merit. Thrifty grower and robust plant. Excellent stems. Honor Roll of 1955.

Root—\$5.00. Pot Root—\$3.50. Plant—\$2.00.

115—Patricia Spollen (Johnson) I.C. 1952 "A"

Persimmon orange incurved cactus blooms about 10 x 6 that are produced on long strong stems on a leathery insect resistant plant. Petals are serrated. Winner of 9 American Home Achievement Medals, on all Honor Rolls and winner of many awards.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

116—Pat Schultz (Australia) I.D. "A"

Lavender pink. Very large blooms of excellent exhibition form. Very strong stems. Keeps well for such a large flower.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

117—Phenomenon (Belgium) C. 1953 "B"

Ivory suffused to purple at edges of petals with purple center. Petals are spiralled in formation. Blooms ten inches across with fine stems. Award of Merit at Brussels, Paris and Amsterdam.

Pot Root—\$1.25. Plant—\$1.00.

118—Pink Goulburn (Australia) C. "A"

Rose pink with base of petals fading into cream. Blooms 10 x 5.

Plant—\$1.00.

119—Pink Superior C. "A"

This lavender dahlia resembles Greater Glory in type. Blooms 10 x 5. Good stems.

Pot Root—\$1.25. Plant—\$1.00.

120—Pirate Treasure (Marsh) S.C. 1951 "A"

This dahlia has the distinction of breaking all records for achievement medals having won 10 of them during 1950, plus several seedling sweepstakes. Average blooms about 10 x 6 but will grow much larger. Color rich autumn suffused red. Most excellent stems and plant growth. An Honor Roll dahlia.

Plant—\$1.00.

121—Pop Harris (Australia) F.D. "A"

Bright red with excellent form, large blooms and fine growth. Very good stems holding the flowers facing.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

122—Prairie Fire (Marsh) S.C. "A"

Rich orange dahlia with good size blooms easily attaining a size of ten to twelve inches with corresponding depth. Stems are excellent and all habits of growth are good. Winner of eight Achievement Medals, on all four Honor Rolls and a Certificate winner. Predictions have been made for a great future for this dahlia in its class.

Root—\$4.00. Pot Root—\$3.50. Plant—\$1.50.

123—Pretty Lady (Pape) I.D. 1951 "B"

Clear lavender suffused deep lavender. Blooms fold back well to stem, which are long and strong. A good exhibition dahlia.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

124—Pride of Holland (Holland) C. "B"

Seven inch pure pink straight cactus. Good growing plant. One of the best in its class.

Plant—\$1.00.

125—Pride of Parkersburg (Smith) S.C. 1949 "A"

Primrose yellow. Achievement Medal winner and Honor Roll dahlia. Excellent stems.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

126—Princess Dianne (Partain Comstock) I.D. 1951 "A". See page 7

This dahlia is without a doubt the best red that we've ever had the pleasure of growing. It holds its color during hot weather unusually well, and the deep rich blood red blooms are held high out of a very dark green plant. Flowers face outward and slightly up. Very prolific bloomer and good keeper when cut. Blooms average about nine by six inches. Petals are broad and slightly laciniated. Achievement Medal and A.D.S. Certificate of Merit winner and on the Flower Grower Honor Rolls for 1951. If you're looking for a winner in the red classes, this is it.

Pot Root—\$1.50. Plant—\$1.00.

127—Queen Elizabeth (England) I.D. "A"

Very large lemon yellow. Very pleasing crinkled edge of petal formation. Short growing plant.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

128—Quinns Tidal Wave (Australia) F.D. 1953 "A"

Giant yellow that can be grown to immense proportions. Top winner in Australia scoring very high. Perfect long strong stems.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

129—Regina (Australia) F.D. "A"

Again one of the best from Australia. A very unusual reddish purple. Large blooms. Short plant but very good quality.

Plant—\$1.50.

130—Rita Bell (Australia) F.D. "A"

Flesh pink blooms 10 x 5 are held on long stems on a three foot plant. Husky grower.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

131—Roben's Showboat (Roben's) I.D. 1957 "A"

Lavender. A seedling of Powder Puff. Has nice long stems and good foliage. size of blooms up to 14½ inches by 10 inches deep, facing slightly up, very few on top. Won the American Home Achievement Medal, an A.D.S. Seedling Sweepstakes Award, and also the largest bloom in the show at East Liverpool, Ohio, on Eddy's Honor Roll and has other winnings.

Plant—\$7.50.

132—Ronlea Martin (Australia) F.D. "A"

Rhodamine purple, center of blooms a little darker. Excellent stems and plant growth. 10 x 5.

Root—\$2.00. Pot Root—\$1.50. Plant—\$1.00.

133—Ronnie Lee (Dorff) S.C. 1945 "A"

Salmon orange blended to red. Early bloomer of very large blooms. Exhibition type.

Pot Root—\$1.25.

134—Rose Bean (Australia) I.D. "A"

Tomato red becoming darker at base of petals. Massive formation. Good exhibition flower. 10 x 5.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

135—Royal Rothesay (England) S.C. "A"

Purple blooms of fine quality. Plants grow very well. Medium in height.

Plant—\$1.50.

136—Schubart F. D. "B"

This is a top quality bicolor. Brilliant red with clean white tips. Long strong stems. This is fit for most any show.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

137—Skyrocket (Sarett) C. 1947 "A"

Vermillion red straight cactus blooms averaging 11 x 6 make this dahlia a standout in most any garden. The stems are long and straight. Very good exhibition variety.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

138—Stardust (Comstock) F.D. 1950. "A"

139—Starfire (Holland) C. "BB"

This very fine petaled red cactus variety is very unusual in its type and brilliant in color. Base of petals are yellow. Good bloomer excellent stems.

Plant—\$1.50.

140—Stephen Foster (Salem) C. "A"

Very large blooms, generally about eleven inches in diameter. Tall sturdy plants. Orange buff suffused rose.

Pot Root—\$1.25. Plant—\$1.00.

141—St. Leonard's (Australia) C. "A"

Tomato red flowers of good size and fine form. Medium growing plant.

Plant—\$1.00.

142—Stormcloud (Baker) S.C. 1954 "A"

This is one of the very large dahlias. Blooms up to 14 inches across. Dark red in color with just a slight touch of purple. Tall growing plant. Winner of three American Home Achievement Medals and Honor Roll dahlia.

Root—\$3.00. Pot Root—\$2.00. Plant—\$1.50.

143—Tartan (New Zealand) F.B. "B"

Very dark red striped and tipped white. This will be a hard one to beat in the bicolor classes. Very unusual. **Plant—\$2.00.**

144—The Master (Australia) I.D. "A"

Sunset amber shaded bronze. Very large blooms 11 x 6. Tall growing plant. This variety made many wins in Eastern shows last year.

Root—\$5.00. Pct Root—\$4.00. Plant—\$2.00.

145—The Real Glory (Stephenson) F.D. "A"

Ten-inch blooms of crispy white Prolific bloomer with dark green foliage.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

146—The Red (Australia) S.C. "B"

Tomato red blooms about 8 inches in diameter on nice long strong stems.

Pot Root—\$1.25. Plant—\$1.00.

147—The Standard (Australia) I.D. "A"

Sulphur yellow blooms 12 x 6. Petals very broad. Thrifty grower, good long stems. A truly good dahlia.

Root—\$5.00. Pot Root—\$3.50. Plant—\$200.

148—Tiara (Brown) F.D. "A"

Orange peach tipped white. Tall growing plant, long stems.

Root—\$1.50. Plant—\$1.00.

149—Troubador (S.C.) "A"

This is a large variegated dahlia of rose splashed with wine red. Fine growing plant.

Pot Root—\$1.00. Plant—75c.

150—"V" Day (Hendricks) S.C. 1945 "A"

Mulberry rose. Large blooms running to twelve inches quite easily. Honor Roll dahlia. Medium growing plant.

Root—\$1.50. Pot Root—\$1.00. Plant—75c.

151—Vermont Gillian C. "B"

Rich chrome color. Thrifty grower and good bloomer.

Root—\$1.50. Plant—\$1.00.

152—Verna Martin (Australia) F.D. "A"

Beautiful large lavender blooms of fine exhibition quality make this variety an immediate favorite. Medium growing plants.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

153—Victory Day (Holland) C. "A"

Berry red. Blooms are large and very regular cactus petal formation. Excellent stems.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

154—Virginia Taggart (Pape) F.D. "A"

Large pink formal decorative with good stems. Size of blooms about ten by five, held at a forty-five degree angle. Good substance.

Pot Root—\$1.50. Plant—\$1.00.

155—Vivienne Leigh (Australia) I.D. "A"

Rose pink overlaid lavender. Blooms 10 x 6. Strong growing plant.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

156—Windlassie (Wind) I.D. 1947 "B"

Pure white Petals twist and curl and fold all the way back to stem. Blooms medium to large. Excellent stems. Honor Roll dahlia.

Plant—\$1.00.

157—Winsome (Australia) C. "B"

Empire rose blooms of excellent form 7 x 4. Medium growing plant.

Pot Root—\$1.25. Plant—\$1.00.

158—Woy Woy (Australia) C. "A"

Primrose yellow. Blooms 9 x 5. Tall growing plant, very long strong stems. A favorite in yellow cactus types.

Root—\$2.50. Pot Root—\$2.00. Plant—\$1.00.

GREEN PLANTS

Our green plants are produced from base cuttings of the finest of our various varieties, and roots or clumps used for this purpose are selected from our healthiest stock selected during the growing season. These cutting are rooted in special propagating benches and after being well started are transferred to four-inch earthen pots. When the plants are found to be well established they are moved to a partially shaded place, where they become accustomed to the weather. When plants show a definite trend toward new growth they are ready for our customers. We find that the quality and size of blooms for exhibition are just as good as when grown from roots. We highly recommend plants to our customers.

INSECTICIDES

WE USE ORTHO-INSECTICIDES EXCLUSIVELY and find these products to be of unmeasurable value in the control of the various pests that habituate the dahlia gardens in our vicinity including thrip, leaf hoppers, aphids of all kinds, worms, diabrotica, and many others.

We've found that alternated applications at ten day intervals of **ORTHO-KLOR-44** and **MALATHION-50** have kept our gardens insect free, thus promoting the luxurious bloom and plant growth necessary for exhibition quality stock.

ORTHOCIDE-FUNGICIDE has proven to be very useful in the control of fungus disease and **BUG-GETA** has enabled us to control the snail problem.

We gladly recommend the use of these products and have available stock for sale, thus enabling our customers to enjoy the same protection from plant pests as we.

DAHLIA HINTS AND CULTURE

The **instructions for planting dahlias** as expressed in this article are primarily meant for our local climatic conditions around **Southern California**. Not being experienced with conditions of growing in other localities our instructions may not be of the best in your area, especially in those parts of the country where summer rains are so prevalent, therefore if you live in some of these parts of the country we would like to suggest that you follow instructions that can be obtained from your local seedsmen and specialists along these lines.

We find that dahlias do fine in the open sun or slightly shaded areas, preferably if the broken sun is during mid-day.

A few of the musts for good results are disease-free and vigorous stock, proper planting, watering, fertilizing, spraying, disbudding, cutting flowers, and digging and storing clumps.

First, **obtain your stock from a reputable grower**; he should have good disease-free stock and will gladly assist you as to colors and types of varieties that will best fit your requirements.

Soil Preparation—For best results, about a month before planting time cover the soil with an application of barnyard manure, or broadcast bonemeal at the rate of about ten pounds to each one hundred square feet, and dig this in to the depth of a spading fork. This should greatly help to **condition your soil for planting**.

Planting—When plants or roots are ready to set out, drive a stake (we use 1"x1" redwood stakes 5 ft. long, pointed on one end) about one foot into the ground. This can be used to place identifying tags on, and for supporting the dahlia plant and blooms later on in the season. Dig a hole alongside of this stake about 4" deep if in heavy soil and about 6" deep in light soils. Place the root on its side in this hole with sprout or eye about four inches from the stake facing up. Then cover root to about halfway to ground level, and as plant grows fill in until hole is filled all the way. If your soil was in a good moist condition at time of planting as it should be, the roots will need no further watering until after the sprouts have appeared above the surface of the ground.

When setting out plants they should be watered quite heavily once every five days, and as soon as soil becomes workable it should be cultivated or well mulched.

Disbudding—When plants are about six or eight inches high the center should be pinched out. This causes the plant to branch.

When buds start to appear, which will be at the end of each lateral or branch, an application of about one-half cup of 4-10-10 commercial fertilizer should be broadcast around the plant, being careful not to come any closer than about 10" from the stalk. It is best to water immediately after applying fertilizer. This works it well into the soil around the plant. Repeating this operation every two weeks until about the middle of September will keep plants well nourished and promote thrifty growth and production of many fine blooms right up to the last of the season, especially if disbudded properly.

On large or medium sized varieties, buds will appear on the ends of each stalk in groups of three. The two side buds should be removed and the center bud left to bloom. By so doing all of the strength that would have gone to the three buds goes to the one that is left, causing it to grow much larger. The next two or three sets of branches (at each leaf below the terminal bud) may also be removed. Be sure that at least one set of branches are left to produce your next set of flowers.

Cutting Blooms—Blooms should be cut in the evening about sundown. Cut them with long stems and place them immediately in deep cold water. They will draw in all the cold water needed to show themselves at their very best the following morning. Be sure blooms are ripe, by this we mean that the blooms are well opened, petals starting to roll back to the stem. If picked too soon blooms will wilt almost immediately.

Spraying—Plants should be sprayed with one of the various brands of sprays recommended. We find spraying each week keeps plants free from insects, and thus reduces chances of disease spreading through your garden.

Digging—We find in our area that roots should be dug as soon as plants dry, which will be about the last of November or middle December. First cut off stalk about three inches above the ground, then dig in a circle around the plant, keeping about one foot away from the stalk. Lift dirt and tubers out of the ground very carefully to avoid breaking the necks of tubers.

Storage—Store tubers in a cool place where there is no draft. We recommend splitting the clump through the middle of the stalk, thus letting the surplus water drain from the hollow stalk. If allowed to remain, this moisture might cause the tubers to rot during storage.

In the spring clumps may be washed off and divided, leaving at least one eye or sprout on each division. These divisions are then ready for planting.

Instructions for Planting SEEDLING DAHLIAS

Seed from dahlias do not come true to the parent plant, that's why it's so interesting to plant seed. Each seedling plant is a new variety. Seed taken from a given variety may reproduce all colors and types of dahlias, and will form a fine root system the first year, but roots from these seedlings will reproduce themselves.

All of our new varieties come from seedling dahlias. They are the select ones from thousands of seedlings grown each year.

Seed should be sown in seed flats in a fine mixture of soil and leaf mold, kept in a warm location and kept damp but not wet. Seedling plants normally begin appearing in about a week or ten days if sown in these flats covered with about one-half inch of finely screened soil. They make rapid growth and when about four inches high should be transplanted to the open ground. We like to plant our seedlings in rows about two or three feet apart and about a foot apart in the rows.

By planting close like this it gives us the opportunity to thin out the bed by removing the undesirable ones as soon as they bloom.

If further information is needed, please feel free to contact us. We will be glad to assist you with any added information desired to help you grow better dahlias.

**Please place your orders early for next year's seed crop. Remember
that we fill orders for seed in the order in which they are received.**

Don't Be disappointed

GENERAL LIST

	Root
159—Alabaster, F.D. "B" (White)	\$1.00
160—American Judge, S.C. "A" (Yellow & Orange)75
161—Ami George, C. "B" (Pale Pink)	1.00
162—Ann Marie, C. "B" (Coral)	1.00
163—Ann Morris, S.C. "B" (Pink)75
164—Ballego Glory, F.D. "B" (Rust red edged gold)	1.00
165—Betty Guyer, C. "B" (White)	1.00
166—Bonds Memory, S.C. "B" (Primrose Yellow)75
167—Brides Bouquet, F.D. "A" (White)	1.00
168—Brighton Standard, C. "B" (Yellow)75
169—Catherine, F.D. "A" (White)	1.00
170—Croydon Rose, I.D. "A" (Rose)	1.00
171—Croydon Sensation, S.C. "A" (Canary Yellow)	1.00
172—Dawn, S.C. "B" (Lavender)75
173—Dr. John F. Morse, I.D. "A" (Reddish Purple)	1.00
174—Dudine, C. "BB" (Rose)	1.00
175—Eileen, S.C. "B" (Pink)	1.00
176—Eugene Black, I.D. "B" (apricot & yellow)	1.00
177—Fernies Triumph, S.C. "B" (Scarlet)	1.00
178—Fancy Carder, I.D. "A" (variegated pink splashed red)	1.00
179—F. M. Bardwell, I.D. "A" (gold & bronze)	1.00
180—George Wilson, F.D. "A" (light phlox purple)	1.00
181—Golden Masterpiece, F.D. "A" (golden yellow)75
182—Golden Treasure, F.D. "B" (golden yellow)75
183—Goldspider, C. "A" (Cinnamon and yellow)	1.00
184—Heroine, I.D. "B" (salmon pink & gold)	1.00
186—Hiwatha, S.C. "A" (buttercup yellow)	1.00
186—Hobo, F.D. "B" (white and lavender)	1.00
187—John Cartin, F.D. "A" (white)	1.00
188—Judith, C. "B" (pale yellow)75
189—Melux, F.D. "B" (lavender)75
190—Meester Adrian, C. "B" (oxblood red)75
191—Miss Glory, S.C. "A" (apricot yellow)	1.00
192—Miss Rose Fletcher, C. "BB" (pale pink)75
193—Mrs. E. J., C. "B" (rose pink white centers)	1.00
194—Mrs. Flossie H., I.D. "B" (rose and cream)	1.00
195—Mrs. R. G. Atkinson, I.D. "A" (yellow)75
196—Mrs. R. Rowlings, F.D. "A" (yellow)	1.00
197—Mrs. Seddon, C. "B" (light lavender)75
198—Nepos, F.D. "BB" (white edged heliotrope)	1.00
199—Optima, C. "B" (mahogany red)75
200—Prairie Sun, F.D. "A" (yellow)	1.00
201—Ray Grant, C. "B" (pink and yellow)75
202—Roselyn Straight, C. "A" (yellow and red)	1.00
203—Satans Disciple, I.D. "A" (tomato red)	1.00
204—Shiek, C. "BB" (pink and cream)75
205—Sidney, I.D. "A" (ashes of roses)	1.00
206—Sir Nigel, F.D. "B" (lavender tipped white)	1.00
207—Snowball, F.D. "BB" (white)	1.00
208—Tall and Handsome, F.D. "B" (purple)75
209—Terry, S.C. "A" (lavender)	1.00

210—Top Flight, S.C. "A" (blood red)	1.00
211—Vernons Snowball, F.D. "BB" (white)	1.00
212—Xantine, F.D. "A" (lemon yellow)	1.00

Miniature and Ball Dahlias

213—Cheerio, S.C. Min. (tyrian purple, silver tips)	1.00
214—Double Victory, F.D. Min. (light red)	1.00
215—Elizabeth H., Ball (magenta red)	1.00
216—Lulu, Ball (cherry red)	2.00
217—Nelleke, F.D. Min. (yellow)	1.00
218—Pat Ann Dee, Ball (white)	1.00
219—Ritzie, F.D. Min. (red)	1.00
220—Silver Spring, F.D. Min. (pink)	1.50
221—Stolz Von Berlin, F.D. Min. (lavender)	1.00
222—Willy Den Ouden, F.D. Min. (scarlet & yellow)	1.00

Seedling Dahlia Plants

We have available to those who like to grow seedlings some very fine plants ready to set out in the open ground. These are from our mixed seed.

PER DOZEN — \$3.00

FLAT OF 35 — \$7.50

WE DO NOT SHIP PLANTS BY MAIL

ARE YOU PLANNING A TRIP TO CALIFORNIA ? ? ?

Then plan to be in San Diego during July 24th through August 10th and take part in the Fiesta del Pacifico. See the pageant of the California Story. See the authentic and colorful costumes of the early days of California. You can also attend the San Diego County Dahlia Society's Dahlia show on August 3rd and 4th in Balboa Park. San Diego Welcomes YOU.

ADVANCE INFORMATION ON QUALITY - PLUS - DAHLIA SEED CONTROLLED CROSSES FOR 1958

We will have dahlia seed of the varieties listed below mixed, by groups for 1958. These varieties are grown as listed under cover so that there will be no possibility of any other variety becoming crossed with them. These seed will be mixed so do not ask for a specific variety. Order by house "A" or "B" as listed.

Place your order early. We sold out of 1956 **Quality Plus** seed and many of you were disappointed.

We will still have our regular grade of mixed seed at \$5.00 per hundred, but seed of the following groups will be **"QUALITY PLUS."**

Orders will be filled in the order in which they were received.

Price—\$10.00 per hundred net.

HOUSE "A"

Arthur Godfrey
Art Linkletter
Carl Dahl
Croydon Masterpiece
Dixie Winedot

Five Star General
Groucho Marx
Kelvin
Maffie
Mars

Mary Elizabeth
Our Friend
Quinns Tidal Wave
Stardust
The Standard

HOUSE "B"

Bunny
Croydon Eclipse
First Lady

Florence Chadwick
Goulburn
Madonna Crusader

Miss San Diego
Mr. President
Schubart

SEED FROM EITHER HOUSE IS \$10.00 per Hundred Net

Dahlia Societies

Membership dues in the American Dahlia Society are \$4.00 per year which entitles you to their bulletin which is published quarterly. Much good information regarding growing of dahlias is available to you in it.

Send subscriptions to the **American Dahlia Society, 12 Warren St., New York, N. Y.,** or to the **Treasurer of the Society, Henry A. Olsen, 45 Clement Ave., Elmont, New York.**

Fill in name and address and \$4.00 and mail to above.
